

countryside CYCLING

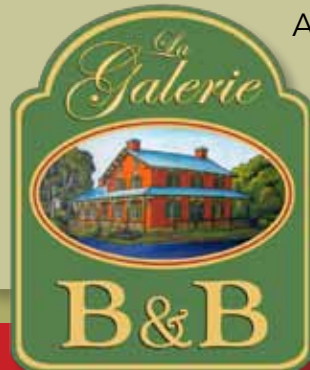

*through
most beautiful
villages of Quebec*

Cycling enthusiasts, come to Saint-Antoine-sur-Richelieu and tour through five of the most beautiful villages in Quebec, all of them neighbors (Saint-Antoine, Saint-Denis, Saint-Charles, Saint-Marc-sur-Richelieu et Calixa-Lavallée)*. These 40 kilometers around the countryside are filled with bucolic landscapes along the beautiful Richelieu River, pretty ancestral houses with gingerbread woodwork, fieldstone houses, wayside crosses and interpretive panels providing the story behind all these historic sites. Take the opportunity to travel back in time by taking the ferry linking Saint-Antoine and Saint-Denis, and the one between Saint-Charles and Saint-Marc. A bicycle ride of pure happiness!
